

Celluminova's Cookie Policy

What are cookies?

Cookies are text files placed on your computer to collect standard internet log information and visitor behavior information. When you visit our websites, we may collect information from you automatically through cookies or similar technology.

What are scripts?

A script is a piece of program code that is used to make our website function properly and interactively. This code is executed on our server or on your device.

What is a web beacon?

A web beacon (or a pixel tag) is a small, invisible piece of text or image on a website that is used to monitor traffic on a website. In order to do this, various data about you is stored using web beacons.

How do we use cookies?

Celluminova uses cookies, scripts, and web beacons in a range of ways to improve your experience on our website, including:

- Keeping you signed in
- Understanding how you use our website
- To collect information about your visit to our website (with Google Analytics)

What types of cookies do we use?

Our website uses the following cookies with the described purpose:

- Necessary cookies – These cookies are needed for the website to function. They are not optional.
- Statistical cookies – These cookies are used to improve the website's functionality and structure, based on how the website is used. Celluminova uses these cookies to collect information about your visit to our website.
- Experience cookies – In order for our website to perform as well as possible during your visit. If you refuse these cookies, some functionality will disappear from the website.
- Marketing cookies – By sharing your interests and behavior as you visit our website, you increase the chance of seeing personalized content and offers.

How to manage cookies

You have the right to disable or withdraw your consent to the use of cookies, and you can also set your browser not to accept cookies. However, some of our website features may no longer work properly as a result.
